JSC Asmodas er en virksomhed med over 23 års erfaring indenfor dør industrien.

Teknologisk avanceret og let at tilpasse til omgivelserne samt historiske baggrunde. Vores sammensatte døre bliver en ren opdagelse for ambitiøse arkitekter, innovative byggefirmaer, renoveringsfirmaer af gamle bygninger, projektudviklere og private bolig ejere.

I dag er export andelen på 70%, og det inkluderer salg til Sverige, Danmark, Norge, Tyskland, Frankrig, Holland, England, Irland, Letland, Estland og Kazakhstan.

Siden 1999 har JSC Asmodas fokuseret på udviklingen af produkter. Især på sikkerhedsdøre til lejligheder, sikkerheds entrédøre og indgangsdøre. Som et resultat heraf har firmaet lanceret et nyt produktionsområde på 4300 kvadratmeter, en ny CNC maskine til metal, en ny teknologi til træarbejdet samt implementeret et kvalitets management system ISO 9001 og ISO 14001.

For at vi kan garantere kvaliteten af vores produkter, tester vi kun dørenes egenskaber på certificerede- og myndigheds laboratorier.

Alle Asmodas døre overholder certificeringen af sikkerhedsklasse RC3 og RC4 i henhold til LST EN 1627:2011 og den Europæiske standard. Dørene er certificeret som lufttætte klasse A og vandtæthed klasse E, samt Lydisoleret fra 42 til 45 dB Rw (C;Ctr, Brandklasse EI2-30 og EI2-60 og brandgastæthed klasse Sa,Sm. Dette er kun et udpluk af vores gennemførte tests.

I dag er der omkring 80 ansatte i virksomheden, som arbejder med produktion, montage, vedligeholdelse og kundeservice, hvilket er den vigtigste del for virksomheden for, at møde kundernes behov. Asmodas produktion ligger lige udenfor Klaipeda i den vestlige del af Litauen. Den geografiske placering af Asmodas, sikrer en hurtig levering.

Asmodas beskæftiger sig både med masseproduktion af døre, ligesåvel som mindre mængder, men virksomheden opretholder altid produktets kvalitet. Den største kvalitet Asmoda besidder er fleksibiliteten i, at arbejde individuelt med hver enkel kunde, sikre produktionen af ikke-standardiseret varer, special design samt at give fleksible vilkår, hvilket resulterer i et højt teknisk niveau og langsigtet garanti. Asmodas motto er - "Høj kvalitet til en rimelig pris".
